Soft Skills:

Communication, Teamwork, Research Skills, Analytical Thinking, Problem Solving

PROJECT / DISSERTATION

Conducted research on how the adoption of digital payment systems influences growth and profitability of small businesses. Collected primary survey data from 50+ local retailers and secondary data from industry reports. Analyzed transaction trends, customer satisfaction, and revenue patterns using Excel & SPSS.

Found that digital payment adoption improved sales by ~18% on average and enhanced customer retention. Suggested business strategies for small retailers, including loyalty programs and digital marketing integration, to maximize the benefits of cashless transactions.

INTERNSHIP EXPERIENCE
